Practitioner's signature Date/...../.....

INFORMATION FOR PATIENTS

Please phone 9371 1007 to arrange an appointment.

How to get there: Our practice is actually located on Park Road, Mount Lawley, near the intersection of Park and Guildford Roads. It is a small redbrick building with an "Arthrocare" sign on the front verge. It is best to make your way to Walcott Street and turn east into Farnley Street and then right into Park Road. Please allow enough time to navigate your way to our address as it may be a little difficult to find at first.

Please note: We suggest using a printed road map or Google Maps. If using a car GPS program be sure to enter *Park Road*, Mount Lawley and not *Guildford Road*.

Parking: There is free two-hour street parking opposite the office and a few designated "Arthrocare" bays in the car park.

What to bring: Please bring any x-rays or other medical images that you may have or existing foot orthoses if you wear them.
